Tagz! You're It!

Once children are old enough to talk (and one of mine is...) they are vocal about their ever-changing tastes.

Jojo only wanted to wear green shorts for a couple of months. Then he had to have white shirts. Then he was all about THIS superhero, until of course he fell in love with THAT super hero...

Mag-tagz necklaces have a magnetic base with charms that can be easily switched out or traded with friends.

New and limited-edition tagz come out every few months, so there's always something different to try, and always something for your daughter's ever-changing tastes.

On the site www.mag-tagz.com, girls can play the "Tag, You're It!" game by entering the unique code found on the back of any tag, to get a clues. Players must collect four clues and figure out what the clues have in common. Kids can trade tagz or info with friends to learn more clues.

Correct answers are submitted online to enter to win amazing prizes like a Nintendo Wii!

Everybody who enters receives a special-edition tag just for participating!

Mag-tagz fun for girls ages five and beyond!

If you want to buy your own MagTagz, use coupon code, **blogger20**, which will give you 20% off a purchase of \$20 or more at www.mag-tagz.com.

Enter to win your choice of a [small](#) or [large necklace base starter set!](#)
