Mag-tagz - Review & Giveaway!

Collecting and trading is always a hit with kids. Well here is something much more interesting than your average trading cards! "Mag-tagz necklaces have a magnetic base and the charms, or tagz, can be easily switched out or traded with friends. New and limited-edition tagz come out every few months, so there's always something different to try."

By collecting and trading with friends, you can play the "Tag, you're it" game. Each tag has its own unique code that can be used to reveal a clue on the Mag-tagz website. Collect 4 clues, figure out what they all have in common and enter to win!

But collecting and trading is just the beginning! Children are encouraged to use their creativity to enter the tag design contest. The winners not only receive a necklace and custom-designed tag with their winning design but they are also featured on the website. And when the winning design is introduced as an exclusive limited-edition tag, the winner's first name is engraved on the back.

My daughter was absolutely thrilled with her Mag-tagz necklace and bee tag! She loves taking the tag on and off switching between the bee tag and the flower pattern on the necklace magnet. None of her friends have Mag-tagz necklaces so she hasn't been able to trade yet but these are very affordable for gifts so I think a few of her friends will have them soon!

Buy It! Mag-tagz items available for purchase online at www.mag-tagz.com or check <http://mag-tagz.com/listofretailers.aspx> for a list of retailers. Mag-tagz also does custom orders with a low minimum, perfect for camp, school and youth team logos. Use coupon code, **blogger20**, which will give you **20%** off a purchase of \$20 or more.

Win It! One Momma In Flip Flops2 reader will win either a bee or green earth with a necklace (your choice).
