"What I really liked is how secure the interchangeable charms stay in place. No matter how much Girlie Girl runs around, I know she won't be able to lose them. And now she can collect and change the designs according to her mood or what she's wearing for the day without having tons of different necklaces to have to keep track of. This is definitely a great thing!"

"The tagz come in a plethora of quite affordably priced designs and the magnet base makes them perfect for simple swapping with a friend."

"My daughter absolutely LOVES her Mag-Tagz Necklace and tagz, and wants MORE! I am sure any Tween would absolutely love to be able to create their own style!"

"Within seconds of putting the necklace on and being explained the concept, she was smiling from ear to ear as she made plans to share and trade tagz with a friend living thousands of miles away."

"My daughter FLIPPED when she first saw the Mag Tagz and could not wait to try it out. She had a blast changing out the different tagz to match what she was wearing each day. Her friends all asked her where she got the necklace from when she wore it to school."

"Oh.My.Goodness. When I read about Mag-tagz™, I knew I had to get a necklace for my little girl. Her tastes changes with the wind. AND she loves, loves, loves jewelry. So it was no surprise she was ALL OVER this necklace. I am not exaggerating to tell you my daughter has worn this every.single.day since she got it. I can't wait to sit down with her and pick out some new tags to buy!"

"They are adorable and such a cool idea! I love that girls can change out their tagz to go with different outfits or just the mood they're in. They are also very durable and well-made. The magnet is VERY strong so the charms are not going to get lost. I gave the necklace and charm to my 9 year old niece, and she just LOVES it!"

"The necklace was sturdy and easy for her to put on herself. Even active girls won't have to worry about the "tagz" falling off, and when they are ready for a new look, they just switch it out! My 11-year old can't wait to begin collecting all the Tagz so that they match with all her outfits. What a great way to express yourself!"

"My daughter was absolutely thrilled with her Mag-tagz necklace and bee tag! She loves taking the tag on and off switching between the bee tag and the flower pattern on the necklace magnet."

"My daughter has been thrilled that she can simply swap her Tagz to match her ever-changing outfits and moods and I am delighted that it's so easy for her to do so! One day she wants to match a particular color, the next day it's a particular design to go with her clothes. There are so many Tagz to choose from, your daughter will have fun collecting them!"

"My daughter loves her mag-tagz stretch choker necklace. The elastic choker fits gently and softly around any size child's neck. My daughter often complains about things rubbing, itching, or irritating her, but not about the mag-tagz choker. She said that it was so soft on her neck."
